### Weekly Planner

This week-in-one view allows you to easily plan your daily programs. Space is available for activity adjustments, comments, meetings and your to-do list. Each page also features a term calendar.

Food for Thought) Today's students are referred to as 'digital natives', being born into a generation of digital technology. It is interesting to consider communication before we had devices such as computers and smart phones. The Bayeaux Tapestry is a fine example of early mass media and an important source of 11th century history. This tapestry was displayed to the mostly illiterate public like a comic strip, so everyone could be informed of current affairs. Its story of survival to this day is amazing. Visit www.fireflygo.com/tapestry-bayeux and www.fireflygo.com/tapestry-film
